Report on
Guest Lecture on Adding Value to Engineering Career
Organized by Dept. of CSE & IIC Cell - MITS
6 August 2016

Submitted by: Mr. M.V. Jagannatha Reddy, Asst. Professor, Dept. of CSE and IIC Cell Coordinator

The Department of Computer Science and Engineering in association with IIC Cell organized a Guest Lecture on ‘**Adding Value to Engineering Career**’ for 3rd year CSE students on 06-08-2016. The resource person for the guest lecture was Mr. Abdul Aziz Seid, *New Delhi Chapter President*- International Institute of Business Analysis (IIBA). The programme was organized in the seminar hall, the Dept. of CSE from 10.30 AM to 12.00 PM.

The objective of this guest lecture was to focus on the fundamental things that student should learn before facing interviews and after getting job. During the session the guest explained as to the reality of employment market, Gap- employer, what is career, what is career development, career guide, current trends in business transformation, what is a business analyst, who are the business analysts, roles of business analyst, possible career tracks for BA, certification levels, skills gap, self belief and self awareness, communication skills and what should I do? These topics are very much useful for the students who are going to face interviews and after getting job.
